- Exceptional and unique baptismal gift
- Biblical stories told for children, ideal for bedtime reading
- Appropriate even for very young children

With baptism, parents and godparents are making a promise to love, protect, and encourage their child – and they ask God's blessing on that promise. In the course of the day and especially evenings before going to sleep there are plenty of opportunities to inquire about God and to discover traces of Him in life, in big things and seemingly small ones.

This baptismal Bible therefore gently leads children into the world of Christian faith. It illustrates opportunities to speak about God, and introduces more than 20 Biblical stories.

This book is like a seed from which faith can grow!
