- Ideal for reading, giving as a gift and dreaming
- Lessons for modern life

The first one is Chris, an artist and bon vivant who lives in an old construction trailer. Then there is the “round table,” four completely different people who are very close to him: Bonnie, Joy, Theo and Dr. Zweifel. They meet with him on a regular basis at a place that exists outside of time: Café Timeless. This is where he learns how dreams can change his life and an angel becomes a companion for his life.

This book is like wings for the soul.
